- After the End of Curriculum exam by PAEA look at feedback and focus on weak areas.
- I plan on taking a prep course right before the exam (type of course will depend on availability of course during the dates my exam will be scheduled for, since I am not cleared to schedule a date right now).
- Take multiple practice (timed) exams before taking the actual exam
- Topics to be studied in January will depend on my performance on the PAEA practice Exam.
- January last week dedicated to EOR PSYCH topics.
